Office of the Executive Engineer, South Division, Banashankari 2nd Stage, BDA Complex Bangalore-560070.

No: EE/BDA/SD/Drain/Tender/2025-26. Date: 10/03/2026

CORRIGENDUM / CLARIFICATION

Sub: Tender for Construction of RCC Drains in BDA South Division – Clarification regarding Minimum Technical Qualification Criteria – reg.

Ref:

1) Tender Notification No: 04 dated 26.02.2026 published in KPPP Portal.
2) Bid documents – KW-4 (Qualification Criteria).

With reference to the tender cited above, certain prospective bidders have sought clarification regarding the minimum technical qualification criteria mentioned in KW-4 bid document, wherein experience in execution of precast slabs for drains has been specified.

In this regard, it is hereby clarified that:

The precast slab used for covering RCC drains is an RCC precast structural component manufactured using reinforced cement concrete. Hence, experience in execution of RCC works including RCC precast elements shall be considered for evaluating the qualification requirement relating to precast slab works.

Contractors who have executed RCC works of equivalent or higher quantity/value, including RCC precast components, may submit the same as proof of technical qualification, subject to verification by the tender accepting authority. This clarification does not alter the scope of work, quantity of work, or other tender conditions, and is issued only for the purpose of clarification of the existing qualification requirement.

Note:

- All other terms and conditions of the tender remain unchanged.
- This corrigendum shall form part and parcel of the tender documents.
